

Volunteer-Newsletter

June 2020

Welcome to the #turnfesthelden Team!

We are delighted to be able to welcome you to our #turnfesthelden team, the Turnfest heroes for the International German Gymnastics Festival Leipzig 2021. A lot of work is required behind the scenes of the event and many exciting jobs and experiences are waiting for you. Thank you for supporting us!

When registering for the event you created your personal volunteer account. Here you can find important information such as your shift plan (once you have been notified that it is ready). You also have the ability to change your application, should your contact details or your availability change.

To get to your account, please click here:

[→ Change Application](#)

We would also appreciate it, if you could tell your friends, clubs and volunteering families about the International German Gymnastics Festival. We would love to see their application.

Update: Current Situation

Despite the current situation, we are very much planning to go ahead with the International German Gymnastics Festival between the 12th and 16th of May 2021. We, the organising committee are working away from our homes to create the best event possible.

Fun Fact

The Augustus Platz in Leipzig, where the Ninja Parcours and the closing ceremony will be held during the event, holds about 277 competition floors (12m x 12m). What a great sight that would be.

News: Registration for participants has started

On the 1st of June 2020 registration for participants has opened. We welcome international groups, so please tell your local club about us.

You can find more information here:
